

Western Pacific University
Department of Information Technology

Professional Reference

To whom it may concern
Mr. Charles Dapori

This is to confirm that Mr. Charles Dapori age twenty-two from Bougainville Province is in his second last year undergoing Bachelor Degree studies here in Western Pacific University (WPU), Department of Information Technology specializing in Computer Programming.

Mr. Dapori has studied and gained a solid mathematical foundation in areas such as:

- Fundamentals of Mathematics
 - Relations and functions
 - Logic
- Fundamentals of Statistics
 - Sampling
 - Hypothesis Testing
 - Random events and Probabilities
- Advanced Mathematics in;
 - Matrices in Image Processing
 - Vectors
 - Derivatives and Integration
- Discrete Mathematics
 - Induction
 - Number Theory
 - Cryptography

He also gained advanced levels of competency with all applications within the Microsoft Office Suite software, Internet suite, programming tools and troubleshooting faulty software applications, he has studied computing units such as:

- Computer Organization
 - Linux and Mac OS configuration
- Programming
 - Object Oriented Programming (OOP)
 - Programming C++
 - Programming in different programming paradigms
 - Programming in C#
 - Typescript
 - Angular Framework
 - Ionic Basics
 - Cordova
- Fundamentals of IT
 - Representation of real numbers: FP2 code, IEEE754 standard
 - Theory of digital systems; Boole's algebra; logical functions
- Web Development |, ||
 - Static Web Page development
 - Non-Static Web development
- Operating Systems
 - Software and Hardware Memory Management
- Cybersecurity Essentials
 - Cybersecurity Threats, Vulnerabilities & Attacks
 - Protecting a Cybersecurity Domain
- Network Technologies
 - Ethernet Switching
 - Expansion of LAN
 - IP Addressing
 - Transport Layer Protocols

Mr. Dapori has undertaken extensive research on professional ethics, fundamental economics, and many academic writing styles that are suited for clear communication, in-depth reporting, and meticulous research. His academic records consistently demonstrate performance that exceeds the average. Mr. Dapori is a resourceful student who takes initiative to complete assignments on time. He is a high achiever who can be trusted to produce quality work on his own.

Creative endeavors such as singing and Graphic design are those that interests Mr. Dapori. His creative prowess empowers his constructive thought when processing through complex problem sets he faces as a student and as an individual. He has a specific interest in software development and software systems administration. These he hopes to use to establish himself as an IT professional.

Mr. Dapori is a strong team member who thrives at working with others to accomplish shared objectives. He is friendly and cooperative to work with since he values opposing viewpoints and is receptive to constructive criticism.

I recommend Mr. Dapori as a person who is a highly resourceful individual with a caring attitude towards others. His integrity, patience, and ability to handle challenges with effective pace make him a truly reliable individual. I believe he is worthy of any opportunity for internship or employment which might be made available for him. I believe he will be only too willing to make his own contribution to the area of his chosen profession.

Mr. Havea Daure B.S.E, M.A
